EDUCATION

Bachelor of Science

Sardar Patel University
2018 - 2021

H.S.E

Swami Vivekanand School
March - 2018

S.S.C

Swami Narayan School
March - 2016

SKILLS

Programing Languages :

Javascript , Php

Frameworks/Libraries:

Laravel , React , Bootstrap

Database Management

MySQL,PostgreSQL

ABOUT ME

I have 2+ years of experience developing web applications with Laravel, focusing on creating robust and scalable solutions, crafting RESTful APIs, and managing databases with Eloquent ORM. My work involves implementing secure authentication, optimizing performance, and integrating third-party services. Laravel's MVC architecture and comprehensive tools have enabled me to maintain clean, modular code and deliver high-quality applications efficiently.

With 1+ years of experience in React, I have developed reusable components, managed state with hooks and Redux, and integrated APIs for seamless data handling.

WORK EXPERIENCE

March 2023-2025 Present
Hauper Technologies

1. Laravel Development

Admin Panel : Developed a comprehensive admin panel for managing user roles,permissions, and content, ensuring efficient and secure administrative operations.

E-commerce Project : Created a demo e-commerce website with features such as product listings, shopping cart, checkout process, and order management, showcasing my ability to build functional and user-friendly web solutions.

Additional Projects : Contributed to several other projects by implementing specific tasks, such as integrating APIs, optimizing database queries, and enhancing application performance.

Version Control

Git,Github

Other

RESTful API Development

TOOLS & TECHNOLOGY

- React Js
- PHP
- Bootstrap
- Mysql
- Twillio
- CSS
- Xampp
- Payment Getway
- Laravel
- Ajax
- Trello
- Jquery
- HTML
- Javascript
- REST API
- Git

School Management :

Admin Panel: Developed a comprehensive admin panel to manage users, settings, and overall application functionalities.

CSV File Functionality: Integrated CSV import/export capabilities for bulk data management, including student and exam records.

Form Repeater: Utilized form repeater for dynamic form fields, allowing flexible data entry and management.

Dropzone: Integrated Dropzone.js for drag-and-drop file uploads, enhancing user experience and ease of use.

Other Modules : Exam,student,parent,homework,Attendance,etc

Swd Connct :

Admin Panel: Developed a comprehensive admin panel to manage users, settings, and overall application functionalities.

Other Project :

HelloDocc,Cfi Energy,Groceries-Store,Nivasi,

2. React Development Experience

Good Fences Project: Developed a comprehensive admin panel for a property management system. The panel included role-based access control with roles such as Administrator, HOA, Member, Review Board Member, and Board of Director. Successfully implemented features for managing properties, users, and workflows, tailored to meet specific business requirements.

Other Project :

Targus accessory finder

Project Tasks, Bug Fixes, and Modules: Completed numerous tasks, bug fixes, and feature modules across multiple projects, showcasing attention to detail, problem-solving abilities, and a commitment to delivering high-quality work.
